- 2 Academic Excellence pins

Leadership and Debate

Have been participating in multiple Model United Nations (MUN) and altogether debate conferences, both locally and internationally, for three years now.

Conferences (including MUN's, OAS simulations, and forums):

- HISMUN (Hartford International School's): Outstanding delegate award, debating gender equality, 2024
- MINI FORO PEC: Colombian Senate simulation, 2024
- FORUM PEC: 'Barbie isn't free', a 20 minute presentation in which I showed my research regarding Barbie's 'plastic feminism', and backed up my study with sociological research, drawing on the work of scholars including Chandra Talpade Mohanty, sociological theory (emphasizing intersectionality), and surveys I made on my own, as independent research, 2025
- ASMUN (American School's): First honorable mention, Crisis Committee, 2025
- AISMUN (Altamira School's): Best Opening Speech award, debating ozempic, 2025
- MINI ROYAL MUN: Best delegate award, debating nuclear weapons, 2025
- CERVMUN (Cervantes High School's): Debating colombian legislation in a senate simulation, 2025
- BAMUN (Marymount High School's): Second outstanding delegate, debating genetic mutation, 2025
- AISMUN (Altamira School's): First Honorable Mention, debating nuclear weapons in the era of Artificial Intelligence, 2026
- RETFORO (Retos School's): Best delegate award, philosophical debate about determinism and free will, 2026
- HACIA DEMOCRACY (Harvard's Association for Cultivating Inter-American Democracy), won a needs-based financial grant that covered more than 50% of the model's costs. Debated UNASUR, value chains, and Latin American economics, along with high schoolers from all over the region.

Staff

- MINI ROYAL MUN, Academics and security staff, 2025

- 'FORUM PEC' (Thinking about Colombia, in Spanish 'Pensando en Colombia'): Events assistant, especially for artistic and technological functions in the forum, 2026

Technology and STEM

- Skills Challenge Barranquilla (Robotics category, intermediate, two years in a row: 2025-2026), building a line-follower racing robot in Arduino, with my team for competitions that lasted several months.
- At Uninorte's Video Game Fair, my team won 2nd place with our first Godot game.
- Participation in Hack Club's Macondo Hackathon, collaborating on a web project with my team, in which we explored whether quotes could be attributed to a reggaeton artist or Colombian politician; currently developing responsive design for different screen sizes.

Writing and other academic achievements:

- 'Writing with flair' –Shani Raja (online writing course from a New York Times editor, with a certificate of completion), 2024
- Spelling Bee (2nd place, 2024)
- Spelling Bee (2nd place, 2025)
- 'Cuentatón' Short-story writing competition (1st place, 2025)

Volunteer experience:

- Volunteered at 'Caritas Alegres', a children's daycare and kindergarten in my city (June, 2025).
Worked over the summer as teacher's assistant for a school's vacation program for kids aged 1 to 5 years old.
- Worked in my school's vegetable garden and helped with my school's Ecology Club's activities, for one hour a week through all year, 2025
